SUMMARY

Computer Science graduate with 1+ year of experience in product quality assurance, business analytics, digital marketing, and cross-functional project delivery. Skilled in requirements gathering, user research, data analysis, product strategy, and stakeholder collaboration. Passionate about building user-centered, and data-driven digital experiences.

WORK EXPERIENCE

Product Quality Assurance Intern

May 2026 – Present

PT Hanjaya Mandala Sampoerna Tbk

- Managed QA delivery for the AYO Kasir and MyAYO digital products across Sampoerna's retail and general-trade channels, handling 78 tracked QA tasks over three sprints covering new features, defect fixes, and security findings while averaging ~160% of the 30-mandays sprint-velocity target and maintaining 90–100% task completion per sprint.
- Translated PRDs from IT Product and Commercial teams into structured test cases, executing test cases on sprint lifecycle and authoring a B2C QA testing guideline in Confluence to standardize testing practices.
- Facilitated System Integration Testing demonstrations with the Business Team and First Layer Support, communicating test outcomes, aligning release readiness with business requirements and field needs, and leading an n8n AI automation workshop for QA engineers.

Business Analyst Intern

Sep 2025 – Dec 2025

PT PLN (Persero) UP3 Bekasi

- Developed an executive performance-reporting suite for PLN's EV-charging network, consolidating 39,349 transactions, 916,225 kWh, and Rp2.26 billion in recorded revenue across 27 charging units at 12 locations.
- Analyzed thousands of customer records in Microsoft Excel to assess transformer placement and meter-reading accuracy, translating findings into recommendations for operational planning and performance monitoring.
- Supported the development of PLN UP3 Bekasi's five-year 2026–2030 strategic roadmap by structuring revenue, network reliability, service quality, and infrastructure data into annual priorities and management targets.

Lead Social Media Specialist (Contract)

Dec 2024 - Dec 2025

Unit Komunikasi Publik ITS

- Led 21 social media specialists across five platforms, contributing to 16.75% year-over-year audience growth and expanding the combined follower base to 230,000+.
- Developed and executed data-driven content and campaign strategies, oversaw the production of 584+ digital asset and supporting high-engagement initiatives that generated up to 2.3 million views on a single post and 1.1 million total TikTok likes.
- Built content planning frameworks, SOPs, and daily monitoring systems using Google Sheets, while compiling structured performance reports and coordinating with internal stakeholders to support evaluation, decision-making, and consistent brand communication.

LEADERSHIP EXPERIENCE

Deputy Marketing Manager

Aug 2024 - Aug 2025

ICHIRO ITS Robotics Team

- Managed a five-member marketing team and communications across four digital platforms for ICHIRO ITS, a humanoid robotics team with 100+ national and international awards; led campaigns promoting RoboCup 2024 and KRI 2024 achievements and a programming workshop attended by 640+ participants.
- Directed multi-platform campaign assets, organizational profiles, sponsorship proposals, and sponsor-facing content supporting relationships with 13 sponsors, including a content-marketing collaboration with PT Data Sinergitama Jaya Tbk (Elitery).

Creative Lead

May 2023 - May 2024

Ini Lho ITS!

- Managed a 24-member creative team by allocating workstreams, reviewing outputs, and overseeing the delivery of 1,396+ digital assets for ITS's university-wide student outreach program.
- Established a unified visual identity and implemented SOPs, a centralized team database, and production trackers to monitor deliverables, coordinate deadlines, and maintain brand consistency.

EDUCATION

Institut Teknologi Sepuluh Nopember - Surabaya, Indonesia

Jul 2022 - Aug 2026

B.Sc. in Computer Science | CGPA: 3.74/4.00

Scholarship: Beswan Djarum Scholarship by Djarum Foundation (2024/25); Leadership Scholarship by ITS Endowment Fund (2025/26).

PROJECTS

Team Liquid League of Legends (LCS) Holiday Campaign

Dec 2021

- Delivered a commissioned holiday campaign for Team Liquid's League of Legends team, translating stakeholder requirements into a cohesive creative concept for its gaming audience.
- Developed and delivered a hand-illustrated Christmas card and digital wallpaper assets for PC, mobile, and social media, producing light and night variants to support cross-platform marketing and consistent brand communication within a short deadline.

ACHIEVEMENTS, CERTIFICATIONS, AND SKILLS

Achievements: 1st Place at FIRA RoboWorld Cup and Summit – HuroCup Pro Adult Mobility (International, 2025); 1st Place at RoboCup Eindhoven – Kids Technical Challenge (International, 2024); 1st Place at KRI Humanoid Robosoccer (National, 2024); 1st Place at UI/UX Information System Competition (University, 2023).
